

sunnyside

Product Number: 477

Product Name: VOC Compliant Lacquer Thinner

USE AND SAFETY INFORMATION

Safety Note: Thinned coatings give off flammable vapors during drying. Always follow the coating manufacturer's directions and warnings, and be aware of the increased fire hazard when coating larger areas.

Attention: Do not attempt to start or re-ignite: charcoal, wood or any other fire with this product. An explosive fire may result or fire may flash back into the container and explode.

Directions: Follow coating manufacturer's instructions for thinning, using only recommended amounts. Do not use more than recommended, usually starting with a ratio of 4 ounces per gallon.

CAUTIONS: CONTAINS ACETONE, PARACHLOROBENZOTRIFLUORIDE AND ETHYLENE GLYCOL MONO BUTYL ETHER. Keep away from heat, sparks and flame. Vapors are given off rapidly during use and may ignite explosively. Vapors are heavier than air and may travel long distances to other rooms or lower areas. DO NOT use in confined areas. Use only in area well ventilated by moving air. Keep a constant flow of fresh air until all vapors (odors) are gone. If ventilation equipment is used it must be explosion proof. DO NOT smoke. Extinguish all flames and pilot lights, and turn off stoves, heaters, electric motors and other sources of ignition during use and until all vapors are gone. Do not turn ignition sources on or relight pilot lights until certain that all vapors are gone. Avoid rubbing; friction may cause static electric sparks which may ignite vapors.

Health Hazards: Vapor harmful. May affect the brain or nervous system causing dizziness, headache or nausea. Causes eye, skin, nose and throat irritation. Avoid breathing vapor or spray mist. If you experience eye watering, headaches, dizziness or have difficulty breathing, increase fresh air or wear respiratory protection (NIOSH approved) or leave the area to obtain fresh air. Reports have associated repeated and prolonged occupational overexposure to solvents with permanent brain and nervous system damage. Intentional misuse by deliberately concentrating and inhaling contents may be harmful or fatal. May be harmful if absorbed through the skin.

First Aid: If swallowed, do not induce vomiting. CALL PHYSICIAN IMMEDIATELY. In case of eye contact, flush thoroughly with water for at least 15 minutes and get medical attention; for skin contact, wash thoroughly for at least 15 minutes and get medical attention if irritation persists. If overcome by vapors, remove to fresh air and get medical attention.

Use only with adequate ventilation.

KEEP OUT OF REACH OF CHILDREN.

California SCAQMD Rule 443.1: Max. VOC: 24 g/L; Less than 3% VOC. Max. Vapor Pressure of Non-Exempt VOC: 6mm Hg. Non-Photochemically Reactive
